(Please Print)

Your Name: _____ Phone: _____

(Last) (First)

Date of Birth: _____ Age: _____ Email: _____

Address: _____

(Street) (City) (Zip)

In Case of Accident, Notify: _____ Phone: _____

To the Student:

These instructions are an important part of training in the Barber/Cosmetology program. All members of the class must observe safety rules and precautions. Habits of carelessness or failure to follow these rules are sufficient cause for dismissal from the class.

All students are required to learn these safety rules as part of the Barber/Cosmetology program. Additional specific safety instructions are taught in the classroom about the various safety operations of machines and other workplace equipment.

All students will be required to pass this safety examination with 100% accuracy and to sign the back page of this examination indicating that you have received these instructions.

This test must be on file in the school records for 5 years.

Directions: Mark "T" for true if the following statements are completely true or "F" for false if any part of the statement is untrue. The first statement will serve as an example:

- | | |
|--|-----------------------------|
| 0. Most accidents in the classroom are due to unsafe acts by people. | <u> T </u> |
| 1. All classroom injuries and accidents must be reported to the teacher immediately. | <u> </u> |
| 2. The school elevator may be used during an emergency such as fire or earthquake. | <u> </u> |
| 3. It is permissible to store heavy items on top of file cabinets and bookcases as long as nothing is stored within 18" of the sprinkler system. | <u> </u> |
| 4. Objects or materials must be passed carefully to or at another student. | <u> </u> |
| 5. You may lift or carry heavy boxes or equipment in school less than 25 lbs. using proper lifting techniques. | <u> </u> |
| 6. Any frayed cord or even the slightest shock or spark from electrical wire or connections must be reported to the instructor immediately. | <u> </u> |

7. When broken tools or an unsafe classroom condition are found, or a machine needs repair, it is permissible to make the needed repair and then report the condition to the instructor. _____
8. Smoking on school campus is a violation of District rules and the Health Code. _____
9. Hands must be dry when handling any electrical equipment. _____
10. All four legs/wheels of the chair must be on the floor. Tilting back can cause the loss of balance. _____
11. A clean, well-organized workstation will help reduce the possibility of an accident. _____
12. When handling any electrical equipment, your hands must be dry. _____
13. Extension cords may be yanked out of the outlet. _____
14. Sharp-edge tools should never be carried in your pocket or with the point toward your body. _____
15. When you are oiling, cleaning, or adjusting any power equipment, the power should be turned off. _____
16. It is permissible to bring food and drink into your classroom. _____
17. It is okay for tools to be stored in a closed and labeled container. _____
18. Razor blades should be disposed of in a Bio-Hazardous container labeled "Sharp Implements". _____
19. Floors should be cleaned after each service is performed. _____
20. Working surfaces must be disinfected before and after each use. _____
21. Tools must be stored in a properly labeled container. _____
22. First aid should be applied immediately in case of minor injury. _____
23. Sanitization is not important to the Barber/Cosmetologist. _____
24. All containers must be properly labeled (in English). _____
25. Water spills on the floor should be wiped up weekly. _____
26. As a precaution, water temperature must be tested on the inside of your wrist before applying to client's hair or scalp. _____
27. If a sharp implement slips out of your hand, you should catch it before it hits the floor. _____
28. Proper procedure is to submerge electrical equipment in water. _____
29. We should never smell or taste the contents of an unlabeled container. _____
30. Disinfectants can cause skin irritation, so protective gloves should be used while handling. _____
31. Chemicals should be stored according to Manufacturer's Instructions. _____
32. Soiled towels can be piled up on the floor until the end of the day. _____
33. When unsure of procedures, you should always consult another student. _____
34. Storage cabinet doors and work station drawers should be kept open. _____

Student

THIS IS TO CERTIFY that I have received instructions on safety precautions in my Barber/Cosmetology class.

The teacher demonstrated how to use tools, equipment and chemicals safely and correctly. I will observe all safety precautions. If ever in doubt regarding any operations, I will obtain the necessary information from my teacher.
