(Please Print)

Your Name: _____ Phone: _____
(Last) (First)

Date of Birth: _____ Age: _____ Email: _____

Address: _____
(Street) (City) (Zip)

In Case of Accident, Notify: _____ Phone: _____

To the Student:

These instructions are an important part of training in the Building & Grounds program. All members of the class must observe safety rules and precautions. Habits of carelessness or of failure to follow these rules are sufficient cause for dismissal from the class.

All students are required to learn these safety rules as part of the Building & Grounds program. Additional specific safety instructions are taught in the classroom about the various operation of machines and other workplace equipment.

All students will be required to pass this safety examination with 100% accuracy and to sign the back page of this examination indicating that you have received these instructions.

This test must be on file in the school records for 5 years.

Directions: Mark "T" for true if the following statements are completely true or "F" for false if any part of the statement is untrue. The first statement will serve as an example:

- | | |
|--|-----------------------------|
| 0. Most accidents in the classroom are due to unsafe acts by people. | <u> T </u> |
| 1. All classroom injuries and accidents must be reported to the teacher immediately. | <u> </u> |
