(Please Print)

Your Name: _____ Phone: _____

(Last) (First)

Date of Birth: _____ Age: _____ Email: _____

Address: _____

(Street) (City) (Zip)

In Case of Accident, Notify: _____ Phone: _____

To the Student:

These instructions are an important part of training in the Early Childhood Education program. All members of the class must observe safety rules and precautions. Habits of carelessness or of failure to follow these rules are sufficient cause for dismissal from the class.

All students are required to learn these safety rules as part of the Early Childhood Education program. Additional specific safety instructions are taught in the classroom about the various operation of machines and other workplace equipment.

All students will be required to pass this safety examination with 100% accuracy and to sign the back page of this examination indicating that you have received these instructions.

This test must be on file in the school records for 5 years.

Directions: Mark "T" for true if the following statements are completely true or "F" for false if any part of the statement is untrue. The first statement will serve as an example:

- | | |
|--|-----------------------------|
| 0. Most accidents in the classroom are due to unsafe acts by people. | <u> T </u> |
| 1. All classroom injuries and accidents must be reported to the teacher immediately. | <u> </u> |
| 2. The school elevator may be used during an emergency such as fire or earthquake. | <u> </u> |
| 3. It is permissible to store heavy items on top of file cabinets and bookcases as long as nothing is stored within 18" of the sprinkler system. | <u> </u> |
| 4. Objects or materials must be passed carefully to or at another student. | <u> </u> |
| 5. You may lift or carry heavy boxes or equipment in school less than 25 lbs. using proper lifting techniques. | <u> </u> |
| 6. Any frayed cord or even the slightest shock or spark from electrical wire or connections must be reported to the instructor immediately. | <u> </u> |
| 7. When broken tools or an unsafe classroom condition are found, or a machine needs repair, it is permissible to make the needed repair and then report the condition to the instructor. | <u> </u> |

8. Smoking on school campus is a violation of District rules and the Health Code. _____
9. Hands must be dry when handling any electrical equipment. _____
10. All four legs/wheels of the chair must be on the floor. Tilting back can cause the loss of balance. _____

12. No more than one child at a time should be allowed on the stairs of the play equipment. _____
13. Children should be allowed to build a wooden block structure higher than their shoulders. _____
14. Children should not be permitted to throw blocks. _____
15. Medications can be given by any school personnel or volunteer. _____
16. A child should be required to remain seated until he/she has finished eating. _____
17. Sharp objects, weapon toys or ropes are not suitable to use on a playground _____
18. A child's hands should be free of toys when climbing or riding. _____
19. A child may be permitted to throw sand if no other child is nearby. _____
20. Sand on the floor or ground is not dangerous. _____
21. Children should not be lifted to climbing equipment. _____
22. Kneeling to lift children is safer than leaning forward and lifting with the back and shoulders. _____
23. Pregnant caregivers should not lift heavy objects. _____
24. Children should not be permitted to play with toys on ramps or steps. _____
25. Teachers and children do not have to observe fire and earthquake drill procedures. _____
26. Children should not be permitted to climb on fences, tables, chairs or trees or stand on swings at school. _____
27. No adult should lift or move a heavy object without the assistance of another adult. _____
28. Fire regulations require that all exits be kept clear. _____
29. Wheel toys should be kept away from stationary play equipment such as swings and climbing structures. _____
30. Safety instruction is not successful with young children. _____
31. Children need to keep within designated areas and under adult supervision at all times. _____
32. Pennies, marbles, whistles and balloons are not good playthings. _____
33. Any injury to a child must be reported immediately to the teacher. _____
34. A child should not be allowed to use toys as weapons to defend himself/herself. _____
35. Special needs children should not participate in group activities. _____
36. When a child has a seizure, it is safe to leave him/her while you go get help. _____
37. It is important to place an item such as a tongue depressor, pencil or spoon between the teeth of a child having a seizure. _____
38. Running in the classroom is not permitted except when it is a supervised activity. _____
39. A supervising adult must be present when children use the outdoor play equipment. _____
40. Adults must always observe all safety rules because young children learn by example. _____
41. Lifting a child by his/her hands and arms may cause physical injury to the child. _____
42. Brakes on a wheelchair need not be locked. _____
43. The best stuffed toys are the kind that are washable. _____
44. Hats in the dramatic expression area do not need to be washable. _____
45. Paint or other liquid spills must be cleaned up immediately. _____
46. An injured child should not be moved unless he/she is in immediate danger of further injury from remaining in place. _____

- 47. Any suspicion or concerns about child abuse should be reported to the teacher immediately.
- 48. OSHA stands for Occupational Safety Health Administration.

Student	Instructor
<p>THIS IS TO CERTIFY that I have received instructions on safety precautions in my Early Childhood Education class.</p> <p>The teacher demonstrated to me how to use tools, equipment and chemicals safely and correctly. I will observe all safety precautions. If ever in doubt regarding any operations, I will obtain the necessary information from my teacher.</p>	<p>THIS IS TO CERTIFY that</p> <p>_____</p> <p style="text-align: center;">(name of student)</p> <p>has been given safety instructions in my class.</p> <p>I demonstrated the proper use of tools, equipment and chemicals in the class and this student passed this written safety test with 100% accuracy.</p>
